

Bike - Hadrian's Wall or Kielder

Bike, Biking, Cycle, Cycling – whichever term you choose to use, we think of the same thing – Pedal Power on Two Wheels.

We can support cyclists in various ways, which includes hiring out bikes and having them transported both to and from selected destinations in the area of Hadrian's Wall or around Kielder Forest together with an experienced guide.

A group of 4, including bike hire costs £199 - which includes accessories such as helmets, panniers and hi-visibility jackets should they be required.

Bike Hire

From our central base at Twice Brewed, right in the middle of Hadrian's Wall next to Steel Rigg, we hire out 'hybrid' bikes that are suitable for both on-road and off-road use, which can then be used for excursions On, Along or Off the Wall.

For an extra charge, we can also provide a drop-off and pick-up service, either in the local area, or even as far away as Bowness-on-Solway or Tynemouth.

One of our increasingly popular options for those looking to traverse Britain, Coast to Coast, by way of Hadrian's Wall are 'Cycle Treks'.
