

Birds of Prey

Battlesteads, in conjunction with Falconrydays, can offer an unrivalled selection of visits to a dedicated falconry activity centre where you can get really close to and hands-on with a range of Owls, Hawks, Eagles, Falcons and Vultures.

Whether your interest is in falconry, bird watching, wildlife photography or just being out in beautiful countryside, Falconrydays will have something of interest to offer you.

On a 50-acre site only a few miles from Battlesteads and close to Keilder forest, Falconry days has some 40 birds of prey for you to enjoy.

Battlesteads can arrange visits, transport, and packed lunches or hampers for your adventure!
